

Charlotte

Fabric recommendations

Charlotte has a moulded polyurethane shell with distinctive curved shaping, and looks its very best when upholstered in a wool fabric which has inherent stretch that moulds well around the contours.

We recommend the following wool fabrics for Charlotte:

Augustus by Warwick

Bespoke by Warwick

Blazer by Textilia

Calibre by Vivid

Centennial by Textilia

Crombie by Warwick

Feel by Vivid

Mainline Flax by Textilia

Move Express by Textilia

Origin by Textilia

Poole by Warwick

Synergy by Textilia

With many polyester and synthetic fabrics it is difficult to achieve a top quality finish because of the lack of stretch.

Please contact us to discuss suitable options if you need to use a polyester or synthetic fabric.

Fabric requirement: 1.2m

Please contact us for more information on fabrics, or advice on fabric suitability.
